

What colours are in the rainbow?
Can you colour the rainbow?
Tell your teacher about your
picture.

Look through the window. What is in the sky? Can you draw it?
"What can you see?"
"The sun!" "Clouds." "Birds."

Look up! What can you see?
Which clouds are high? Which are low?

Can you draw some more high, low, big or small clouds? Answer your teacher's questions: "Which clouds are high? Which clouds are big? How many clouds are there?"
